SAND DRUMS

CLESCO SAND DRUMS

Male shank type. Needed sizes of Sand Drums to fit any 1/4" portable electric drill, drill press, flexible shaft, etc., for those small and hard to get at curved surfaces. The abrasive sleeve is held in place against slippage by expansion of the live rubber drum as the adjusting nut is tightened. Cloth back abrasive sleeves to fit the above drums are available in #120 (fine) grit aluminum oxide.

KEEPER SAFETY STEP

The Keeper Safety Step patented tread design provides a high traction, skid-resistant rubber surface. The 4" x 17" specially formulated UV resistant material is easily applied. Just peel and stick. The acrylic adhesive assures long lasting, weatherproof adhesion to any surface. Use it on stairs, wooden decks, vehicle running boards, and boats, loading ramps or ladder steps.
